	A October. Between 1300 and 1530, reports of tank guns were heard from the direction of the training grounds. At 1700, four-wheel armored personnel carrier occupied by 8 to 10 soldiers who wore red-bordered black epaulets, left the training grounds toward Riesa. Motor vehicles seen on route to and from the training grounds included:	25X1 25X
5.	Vehicles which came from the direction of Grossenhain and proceeded toward Riesa included armored personnel carriers	25X1
	on 29 September, and armored personnel carrie towing a 55-mm AT gun at 1700 on 30 September. Vehicles which came from Riesa and proceeded toward Grossenhain on 2 October included armored	25 <b>X</b> 1
	personnel carriers at 1700, and armored personnel carriers , each occupied by 8 to 10 soldiers who wore	25 <b>X</b> 1
	black-bordered red epaulets and 1 officer, at 0800. 1	25X1
l.	Comment. According to the large number of heavy AT guns, the trains probably carried major elements of the U/i Arty Brig of the First	25X1
	Gds Mecz Army, which possibly had been at Altengrabow since early August.  The motor  wehicle at Koenigsbrueck belonged to army troops and the	25X1 25X1
	lith Gds Tank Div and the majority of the numbers seen in the Zeithain area belonged to the 9th Tank Div. These observations in	25X1
	connection with the braining held at Zeithain tend to indicate that the First Gds Necz Army did not engage in major exercises after 27 September.	25X1
2.	Comment. was once seen on a letter in Dresden in 1946. belongs to the transportation headquarters of the First Gds	25X1
	Mecz Army. the motor vehicle distribution point of the First Cds Mecz Army. was once known to be a dispatche	25 <b>X</b> 1
	in Dresden-N. is reported for the first time. The officers mentioned are unknown.	25 <b>X</b> 1
